Wendy: I noticed that both Melanie and KerryAnn are out of the office; wanted you to be aware of this meeting. I believe several Region 5 staff will be attending in person, and others may call in. We have questions and concerns about wetland delineations and indirect wetland mitigation that we hope to address in the second part of the meeting (PolyMet), and would welcome your participation if you are available.

Thanks,  
 Nancy

Good afternoon:

Working with my tribal colleagues, we have prepared a draft agenda for next Tuesday's meeting on Minntac and PolyMet. If you have other items, please let me know and I'll update our agenda. Note the call-in number for those who are unable to travel for this meeting.

Have a great weekend, and see you next week!
